Tension

22 sts and 30 rows to 10 cm (stocking
st) on 4 mm needles or size needed to
achieve stated tension.

It is important to check your tension
before starting your garment. If there
are too many stitches to 10 cm, your
tension is tight and you should change
to a larger size needle. If there are too
few, your tension is loose and you
should change to a smaller size needle.

Caution

It is essential to work to the stated
tension, and we cannot accept
responsibility for the finished product
if any yarn other than the specified yarn
is used.

Instructions are given for the first size, with
larger size(s) given in square brackets [].
Where only one figure is given this applies
to both (all) sizes.

Before starting to knit, read the
instructions carefully and circle all figures
relating to your size with a coloured pencil.

Note

When working from charts, do not carry
colours across wrong side of work, but use
separate lengths as required, twisting
yarns when changing colour to avoid a
hole (see diagram).

Read odd rows K from right to left and
even rows P from left to right.
